#### THE PROCESS

Every Anna Campbell dress requires alterations to ensure a perfect fit to your body. To achieve this, we offer a broad range of tailoring options which are all inclusive of our capped price of \$999 or \$1,499 (for fully embellished styles only).

Depending on your dress, and your style, tailoring your dress could be as simple as taking up the hem and stitching the straps in-place, to tailoring in embellished seams! Our tailoring service requires approximately 2-4 appointments, depending on the complexity of your dress style. Because of the handmade nature of our dresses, we require a two-week gap between each appointment. Ideally we'd start this process approximately 6-8 weeks out from your collection date, which we recommend to be 2 weeks prior to the big day!

During your first alterations appointment, your Alteration Stylist will walk you through exactly which tailoring options and timeline are most relevant to you.

#### THE PROCESS

I'm an interstate bride, what are my options?

If you are a little short on time, or traveling some distance for your alterations, we can offer a priority, two-day tailoring service for an additional charge. See page 10 for more information.

Are all my alterations charges covered in your capped price?

Yes! The only exception to this are any customisation or design changes you have requested, which should have been decided on at the time your dress was ordered. Please see Customisation menu on page 5.

If you have any questions about customisations or are unsure if your customisation and our capped alterations price, please email alterations@annacampbell.com.au

#### CUSTOMISATION MENU

Listed below are the available customisation options that we can offer to brides, strictly pre-production, this means that they must be ordered at the same time as your dress and cannot be requested once your dress has been constructed. Customisations fall outside our capped alteration prices and will be charged in addition to your dress and tailoring service. If you wish to discuss customising your dress please email alterations@annacampbell.com.au

#### THE STUDIO

Our alterations service takes place in our Melbourne Design Studio, home to our dedicated and passionate team, including Anna herself. The studio is where our designs are imagined and created, and from the day you ordered your dress, it is in the Studio where we have been working hard to hand finish it, ready for your first fitting.

By the time of your fittings, your wedding will be just weeks away, and we can't wait to share with you in the excitement of applying the finishing touches, and getting you wedding day ready!

Here, you and your stylist will work together to tailor your dress to your perfect fit, ensuring your dream is realised, and you feel confident, beautiful, and most importantly, like your absolute best self.

#### THE STUDIO

Getting there

We are a little hidden from the street. Our drive way is located on Moreland road between Lincoln & Clara St, look out for a very colourful building!

You are welcome to park anywhere, there are no parking fees or time restrictions. If you are catching public transport from the city, the closest tram stop is 129.

To find our studio, you'll need to walk further up the driveway, towards the back car-park. As you walk through you will see our studio on the right hand side painted blue, next to a little garden.

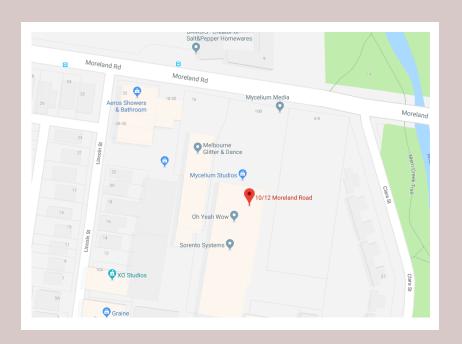

If you are coming from the airport, we recommend allowing at least 1-1.5 hours from your scheduled landing time to your appointment to allow for heavy traffic in peak business hours.

#### AFTER CARE

How do I transport the dress?

When your dress is finally ready to take home, you will receive a garment bag to make your travel as easy as possible. We suggest leaving it hanging and flat, as to reduce any creasing.

Do you have a recommended Dry-Cleaner?

For our Melbourne brides, we recommend Syndal's Bridal Dry Cleaners. For interstate or international brides, we recommend finding a Dry Cleaner that specialises in Bridal and can follow our care label instructions found on the tag inside your dress.
