The sexy silhouette of the Harper is enhanced with beautiful, hand-beaded detailing at the waist. Delicate scalloped lace frames the neckline as voluminous layers of silk flow into a beautiful full skirt.

The perfect recipe begins with...

SILHOUETTE

Just like our dresses, our brides are also unique and so it's only fitting that we offer a range of different silhouettes and flattering skirt styles to suit our brides' different body shapes and wedding style.

You might see yourself wearing a flowing, ethereal silk tulle gown, that trails softly behind your every step. Or you might want to show your figure with a sexy fitted lace skirt!

Whichever kind of #ACBride you might be, we're here for you with customizable options in fabrics including silk organza, tulle and chiffons, as well as the most delicate of feminine laces and trimmings.

SPARKLE

If there is ever a day to be simply dripping in jewels, hand-beaded embellishments and shimmering sequins, it's your wedding day! And we want to make you the most sparkly bride ever!

Our exclusive Custom Sparkle range has been designed by Anna to allow you to take the design reins, and work with your stylist to create a dress as unique (and sparkly) as you are.

So from beaded shoulder loops, to extra bust coverage, to a waist-defining hand-embellished belt detail, your creativity is the limit!

STYLE

From hand-beaded headpieces paired with a sheer tulle veil, sparkling wrist and foot cuffs, to our exclusive sterling silver jewelry collection, we've got you covered from head to toe!

Our hand-embellished accessories collection has been designed by Anna to complement our dress collections, and we would love to work with you to find the perfect finishing touch.

We're excited to exclusively offer our Melbourne brides the option of making an accessories-only appointment at our flagship Melbourne boutique, where you can work with your stylist one-on-one to create your dream bridal look.

CUSTOM

Sparkle

Our exclusive Custom Sparkle range has been designed by Anna to allow you to take the design reins and work with your stylist to create a dress as unique (and sparkly) as you are! Each unique piece of embellishment and lace has been specially designed to your Anna Campbell dress, blending seamlessly into your gown's original design.

The Isobelle trim was designed to compliment the Isobelle lace, as seen on the Brooklyn dress. Whilst the Brooklyn is designed to be open and sexy, sometimes a little extra coverage is needed for the perfect fit! Using the Isobelle lace as inspiration, we developed the trim sit perfectly along the bust line, achieving maximum coverage and adding a little extra sparkle.

All Custom Sparkle pieces are sold and shipped separately to your dress. Private alterations will be required to affix the pieces.
